Report of School Board

As the retiring member of the schoolboard; I herewith submit my report.

On the whole the work done by both teachers and pupils has been very satisfactory. The State Superintendent advised combining all schools where possible, and on account of the difficulty of obtaining good teachers we found it best to combine the Jewett school with the village; and last fall as there were only four scholars we brought the Milan Hill school to the village.

We find it has been quite a saving, though we cannot tell just how much has been saved as the price of everything is so much higher.

I think there is also more interest in the schools where there are larger classes.

I should like to see the ninth grade in our schools changed to correspond with the first year of high school, which I think could be done with very little expense. Then in time I think we could have the village school houses built over and an extra room added so that with one more teacher in each place, we could have another year, and by bringing the children to a central school and the saving in tuition, we could give our children two years high school with only a little if any extra expense after the first year, but first I think we should have a superintendent.

I think it will be necessary to raise about \$2,000.00 in addition to the amount raised in town meeting, which would include the sum for books and supplies. \$700.00 for tuitions and \$185.00 for officers salaries.

I want to thank all who have helped me in my work in the past year.

Respectfully submitted,
F. M. HANCOCK,

Auditors' Report

We hereby certify that we have carefully examined the accounts of the Selectmen, Treasurer, Road Agents, Tax Collector, School District Treasurer, Library Trustee, and Trust Fund accounts of the town of Milan for the fiscal year ending January 31, 1919, and find them correctly cast and vouched for, clerical errors having been noted.

Respectfully submitted

A. V. HEBBARD,
THOS. N. TAYLOR,
A. L. COFFIN,

Auditors.
